

Dear Scholarship Applicant:

Established in 1940, the Keystone Contractors Association is an organization that addresses the needs of contractors engaged in commercial, institutional and industrial construction.

The KCA is committed to providing and supporting quality educational programs designed to enhance the success of the construction industry. Because of that commitment, the KCA Board of Directors established an annual scholarship program to assist in attracting outstanding people to the construction sectors. Our goal is to award up to \$10,000 yearly to a deserving student to provide the central Pennsylvania construction industry with a diverse pool of highly qualified candidates to fulfill its employment needs in areas such as Project Managers, Project Engineers, Estimators and Field Supervisors. Assuming the recipient maintains career ambitions and excels in school, this scholarship is renewable up to three years.

KCA members are highly encouraged to distribute this scholarship information to its employees, clients and industry contacts.
